

Lights and Stories

Author: Arjun Patel

A look at storytelling through film, television, and performance.

Lights and Stories — Chapter 1

This short chapter is part of a sample mini■book created for testing a digital reading platform. It introduces the main ideas of the topic in a simple and friendly way. Readers can explore the theme, imagine stories, and enjoy learning through short reflections. Although this book is brief, it demonstrates how books can be organized and presented in an online reading system.
